MEET YOUR BROKEER

Joseph’s passion for the water and travel began as a freshman at SUNY Maritime College, where he sailed aboard the Empire State VI to ports across Europe. After graduating, he continued exploring new harbors while working on gasoline tankers, tugs, and barges in the U.S. Gulf and New York Harbor.

Shifting shoreside, Joseph excelled in logistics as a ship broker and vessel scheduler for major commodities traders. Now with The Moorings, he blends his maritime experience and commercial expertise to help clients find the ideal yacht and embark on unforgettable journeys.
